## FY 2009 Student/Teacher Ratio

### Purpose

Table 3 lists student/teacher ratios for each school and supervisory union in Vermont. This ratio describes the relationship between the number of enrolled students and the number of full-time equivalent (FTE) teachers. The FTE count used to determine this ratio includes regular classroom teachers as well as those teachers who do not have regular classroom assignments but have teaching responsibilities such as art, music, or special education. Student/teacher ratios can provide information about teacher workload as well as the amount of individual attention that might be available to students.

### Student/Teacher Ratio Calculation

The student/teacher ratio was calculated by dividing FY 2009 student enrollment by the FY 2009 teacher FTE count in each school or supervisory union. In order to maintain consistency with the National Education Association's standards for student/teacher ratio report, student enrollment (October 1 headcount) was used as the numerator rather than the student FTE count. The denominator includes preschool/pre-kindergarten, kindergarten, elementary, secondary, and ungraded teacher FTEs. Vocational teachers were not included in the FY 2009 student/teacher ratio. In previous years, schools that operated technical centers included vocational teachers in their teacher FTE counts, which resulted in their student/teacher ratios being lower than other high schools.

FTE teachers employed by supervisory unions have also been included in the student/teacher ratios listed in Table 3. These FTEs may include ungraded classroom teachers who are employed by, but do not actually teach at, a supervisory union. Typically these are teachers who travel between two or more schools during the week, providing services for students with special needs or unusual circumstances. For this reason some supervisory unions may report teacher FTEs with no student enrollment. Supervisory unions which report both teacher FTEs and student enrollment are typically operating special education, Essential Early Education (EEE), or pre-kindergarten programs.

### Summary

For FY 2009, Vermont's average student/teacher ratio was 10.70, compared to 11.12 in FY 2008. Student/teacher ratios ranged from 4.89 to 19.00.
